REMOTE START
RESOURCE GUIDE

a **snappoint** Company

Winter 2021 is shaping up to be a season like no other with skyrocketing consumer demand on the retail side, and severe component shortages and shipping delays on the supply. This challenge is not unique to our industry; it's a global problem that has driven up costs and will persist into the future.

At Staub, our role is to help you succeed through a simple formula:

- » Have the right product in-stock to support your needs
- » Deliver your orders accurately and on-time
- » Populate our sales and technical teams with the right people to support your business

We are working harder than ever to deliver on this formula as we know the importance of our role in your success. In partnership with our suppliers, we started planning and securing inventory earlier than ever before to put us in the best possible position for the season.

Our supply chain remains solid, and with our new Mississauga branch opening in October our logistical capabilities will be even stronger.

We've also invested in the hiring of two regional Business Development Managers focused exclusively on the Automotive market. Phil Heck (Phil West) and Phil Camirand (Phil East) offer an extensive knowledge of our industry with a combined 40+ years of experience in sales, training and technical support. They understand the challenges and opportunities in front of us and are looking forward to partnering with our dealers across Canada to support, plan and develop strategies to navigate through 2021.

Thank you for your continued support and I wish you all a safe and successful season.

COMPATIBILITY

Also compatible with LT series from Compustar.

Compustar PRO Select Dealers have access to exclusive, industry-leading products and advanced technical support, providing PRO quality comfort and convenience for years to come.

PRO RF T13

RF-P2WT13-SF

 No on-line advertising of price

 2-WAY  3-MILE RANGE

The all new PRO T13 is the industry's most advanced remote start and security system! This remote is the first to include our brand new Proximity Unlock feature and a Full-Color LCD Screen. The sleek design packs in several powerful features including: a USB rechargeable battery, 2-way control, and 3-miles of range.

 2-way LCD command confirmation

 Up to 3-Miles of Range

 Two remotes included

 SF Antenna

 3-year PRO remote warranty

 Security alarm alerts

 Water resistant/durable remote casing

 USB rechargeable battery

New Full Color Display!

The Pro T13's Full-Color LCD is the first of its kind! This vibrant, skillfully designed interface makes it Compustar's most user-friendly remote to date.

PRO RF R5

RF-P2WR5-SF

 No on-line advertising of price

 2-WAY  2-MILE RANGE

The PRO R5 features our new water-resistant case design that is compact and easy to carry. But don't let its size fool you! In addition to 2-miles of range, the PRO R5 offers Proximity Unlock and USB recharging with up to 45 days battery life.

 2-way LED command confirmation

 Up to 2-Miles of Range

 Two remotes included

 SF Antenna

 3-year PRO remote warranty

 Security alarm alerts

 Water resistant/durable remote casing

 USB rechargeable battery

Proximity Unlocking

Compustar's next generation of PRO 2-way remotes feature built-in proximity sensors that automatically unlock and disarm your doors when you approach your vehicle.

Water-Resistant Remotes

The Compustar PRO T13 and R5 remotes are water-resistant and durably built to withstand everyday impact and weather conditions.

USB-Rechargeable

No batteries? No problem! The Compustar PRO T13 and R5 have water-resistant micro-USB charging ports that can keep your remote running on a single charge for up to 6 weeks.

Featured Accessories

Keyless Touch Entry

FT-KP2

KP2 is a windshield-mounted touchpad that gives drivers the ability to lock, unlock, and share their vehicles without the use of a key, remote, or smartphone. In daily use, the KP2 Touchpad functions as a convenient replacement for car keys for unlocking and locking the doors.

FT-ALARM-KIT

FT-ALARM-KIT

The FT-ALARM-KIT makes it easier than ever to add an advanced security and alarm system to your existing Compustar remote starter. Includes an FT-DAS Shock Sensor, an FT-SIREN Alarm Siren and an FT-LED BLUE Theft Deterrent LED.

FT-DAS-II

FT-DAS-II

A 4-in-1 security sensor that detects two stages of impact/intrusion, tilt, forward motion, and now: glass-breakage. Required for installation of remote starters for manual-transmission vehicles. Compatible with CM7 and CM-DC3 remote start and security systems.

Bypass & Integration Modules

iDataLink systems facilitate the installation of aftermarket remote start, car alarm, and keyless entry systems by interfacing with vehicle immobilizer and data bus systems.

BLADE AL

BLADE-AL

Universal 'all-in-one' integration cartridge. Web-programmable data immobilizer bypass and doorlock integration for over 4000 vehicle models from 1997 to date including exclusive KLON firmware applications.

Compatible with CM7XXX and CM900-XX controllers.

- Data Immobilizer Bypass
- Bypass Module for Remote Start
- Keyless Entry
- OEM + Aftermarket Alarm integration
- Compatible with FTI T-Harness
- Weblink Compatible

BLADE TB

BLADE-TB

Universal data immobilizer bypass integration cartridge. Web-programmable for over 1800 vehicle models from 1997 to date including exclusive KLON firmware applications.

Compatible with CM7XXX and CM900-XX controllers.

- Data Immobilizer Bypass
- Bypass Module for Remote Start
- Compatible with FTI T-Harness
- Weblink Compatible

ADS-AL-CA

ADS-AL-CA

The industry standard 'all-in-one' CAN interface module. Web-programmable for over 4000 vehicles 1997 to date including exclusive KLON firmware applications. Features single-wire connection to all Firstech controllers.

- Data Immobilizer Bypass
- Bypass Module for Remote Start
- Keyless Entry
- OEM + Aftermarket Alarm integration
- Weblink Compatible

ADS TB

ADS-TB

Universal data immobilizer bypass module. Web-programmable for over 1800 vehicle models from 1997 to date including exclusive KLON firmware applications. Features single-wire connection to all Firstech controllers.

- Data Immobilizer Bypass
- Bypass Module for Remote Start
- Weblink Compatible

TBSL-VW1

ADS-TBSL-VW1

VW/Audi Immobilizer Bypass Interface. Web-programmable for multiple vehicle makes and models from 2006 to present. Features simple installation for most aftermarket remote car starter systems.

- Data Immobilizer Bypass
- Bypass Module for Remote Start
- Weblink Compatible

Flash and update any iDataLink and Firstech module with the Weblink Mobile App!

Weblink Mobile Updater for Apple | ADS-WLM-AP1 | Call (888)820-3690 for pricing
Weblink Mobile Updater for Android | ADS-WLM-AN1 | Call (888)820-3690 for pricing

CMCHXA0

CMHCXA0

iDatastart CHX remote start control module for select Chrysler models 2005 and up. No key required for immobilizer bypass on most models. Compatible with iDatastart long range RF kits, select T-harnesses and smartphone control systems sold separately.

HC1 Series

HC1151A

Universal, 1-Way remote start system for vehicles 1988 and up. No key required for immobilizer bypass on most models. Includes CMHCXA0 control module, RF1151A long-range RF kit and ADS-AHR-HCX analog harness kit. Compatible with most T-harnesses and smartphone control systems sold separately.

HCX Series

HCX000A

Universal, factory key remote start system for vehicles 1988 and up. No key required for immobilizer bypass on most models. Includes CMHCXA0 control module and ADS-AHR-HCX analog harness kit. Compatible with iDatastart long range RF kits and most T-harnesses and smartphone control systems sold separately.

HC2 Series

HC2352AC

Universal, 2-Way remote start system for vehicles 1988 and up. No key required for immobilizer bypass on most models. Includes CMHCXA0 control module, RF2352AC long-range RF kit and ADS-AHR-HCX analog harness kit. Compatible with most T-harnesses and smartphone control systems sold separately.

Vehicle-Specific Remote Starters

iDatastart systems feature built-in proprietary vehicle-specific data bus and immobilizer interface technology to ensure that no additional accessories or costly keys are required for remote start installation.

VWX Remote Starter

CMVWXA0

REMOTE START

iDatastart VWX remote start control module for select Volkswagen & Audi 2006 and up. Enables (3 x LOCK) remote start from the factory transmitters on most vehicles. No key required for immobilizer bypass on most models. Works with Firstech RF with FT-D100 adapter and DroneMobile.

GMX Remote Starter

CMGMXA0

REMOTE START

iDatastart GMX remote start control module for select GM models 2004 and up. Enables (3 x LOCK) remote start from the factory transmitters on most vehicles. No key required for immobilizer bypass on most models. Compatible with iDatastart long range RF kits, select T-harnesses and smartphone control systems sold separately.

BMX Remote Starter

CMBMXA0

REMOTE START

iDatastart BMX remote start control module for select BMW, Mini, Mercedes-Benz & Freightliner models 2003 to 2016. No key required for immobilizer bypass on most models. Works with Firstech RF with FT-D100 adapter and DroneMobile.

CHX Remote Starter

CMCHXA0

REMOTE START

iDatastart CHX remote start control module for select Chrysler models 2005 and up. No key required for immobilizer bypass on most models. Compatible with iDatastart long range RF kits, select T-harnesses and smartphone control systems sold separately.

MIX Remote Starter

CMMIXA0

REMOTE START

iDatastart MIX remote start control module for select Ford, Mazda, Honda & Nissan models 2006 and up. Enables (3 x LOCK) remote start from the factory transmitters on most vehicles. No key required for immobilizer bypass on most models. Compatible with iDatastart long range RF kits, select T-harnesses and smartphone control systems sold separately.

Go Truly Keyless.

KeyLocker eliminates the need to carry clunky vehicle keys. Securely store your key inside Keylocker for simple car-sharing and transform DroneMobile into your car key.

iDatalink Maestro interfaces facilitate the installation of aftermarket radios while retaining the vehicle's factory audio features such as steering wheel controls, Bluetooth, and more!

MAESTRO DSR1

ADS-DSR1

Universal DSP and amplifier replacement interface. Maestro DSR1 adds digital signal processing to most aftermarket amplifiers. Combines legendary Rockford Fosgate 3-SIXTY processor and Maestro AR to facilitate the replacement of many factory amplifiers.

DSR1 can be tuned via Rockford Fosgate's PerfectTune app for iOS and Android!

MAESTRO SW

ADS-MSW

Maestro SW lets you easily retain factory steering wheel button controls and assign a secondary 'press & hold' function to any button when replacing your car radio for vehicles 1998 to date.

Works with all vehicles with resistor-based steering wheel buttons.

MAESTRO RR2

ADS-MRR2

Advanced radio replacement interface compatible with over 3,000 vehicles 2003 and up. Maestro RR2 offers the same exclusive infotainment retention and exclusive screens as the Maestro RR while adding support for additional vehicles and enabling Bluetooth programming directly from your iOS or Android mobile device.

Maestro RR works with all radios, however, only select Alpine, JVC, Kenwood, Pioneer, and SONY radios feature the iDatalink-compatible port to enable exclusive radio retention features with Maestro RR.

MAESTRO AR

ADS-MAR

Universal amplifier replacement interface compatible with over 500 vehicles 2005 and up. Maestro AR connects to iDatalink-compatible Arc Audio, Audison, and Kenwood amplifiers to enhance sound quality in vehicles with high-end factory audio and infotainment systems or where radio replacement is not possible.

MAESTRO RR

ADS-MRR

Maestro RR connects to a wide range of iDatalink-compatible aftermarket radios to retain factory systems including steering wheel controls, media player, hands-free telephone, voice commands, and satellite radio modules for thousands of vehicle applications from 2003 and up.

Maestro RR works with all radios, however only select Alpine, JVC, Kenwood, Pioneer and SONY radios feature the iDatalink-compatible port to enable exclusive radio retention features with Maestro RR.

Easy Web-Programming

Thanks to its patented visual web-interface, Maestro SW lets you easily choose your steering wheel and visually assign buttons.

iDatalink Maestro Dash Kits

K200 C200 Dash Kit

KIT-C200

Dash kit and T-harness solution for 2015-2018 Chrysler C200 in all trims. Features factory grade fit & finish and adds a blank button panel for use in trims without the factory button bar. Includes T-harness, radio panel, steel radio brackets and USB adapter. Maestro RR and iDatalink-compatible aftermarket radio are required and sold separately.

CAM1 Camaro Dash Kit

KIT-CAM1

Dash kit and T-harness solution for 2010-2015 Chevrolet Camaro in all trims. Features factory grade fit & finish and includes a panel with 2 USB ports, HDMI and 3.5mm A/V input. Includes T-harness, radio panel and steel radio brackets. Maestro RR and iDatalink-compatible aftermarket radio are required and sold separately.

CHK1 Cherokee Dash Kit

ADS-KIT-CHK1

Dash kit and T-harness solution for 2014 and up Jeep Cherokee in all trims. Features factory grade fit & finish and retains both factory USB ports on the aftermarket radio. Includes T-harness, radio panel, steel radio brackets and USB adapters. Maestro RR and iDatalink-compatible aftermarket radio are required and sold separately.

FOR1 Ford Dash Kit

KIT-FOR1

FOR1 Dash Kit for Ford Vehicles with factory navigation.

More information coming soon to www.myFirstech.com!

DUR1 Durango Dash Kit

KIT-DUR1

Dash kit solution and installation harness for 2014-2019 Dodge Durango. Covers all factory radio trims. Includes a panel to adapt to both types of climate control and USB hub replacement. Maestro RR and iDatalink-compatible aftermarket radio are required and sold separately.

F150 Dash Kit

ADS-KIT-F150

Dash kit and T-harness solution for 2013-2014 Ford F150 with the 4.3 inch "MyFord" radio. Features factory-grade fit & finish and adds a convenient storage pocket with flush-mounted ports to connect to the aftermarket radio. Includes T-harness, radio panel, steel radio brackets, and USB adapter. Maestro RR and iDatalink-compatible aftermarket radio are required and sold separately.

FOC1 Focus Dash Kit

KIT-FOC1

Dash kit solution for all trims of the 2012-2018 Ford Focus. Features factory-grade fit & finish and adds storage pocket with 2 USB ports, HDMI, and 3.5mm A/V input. Includes T-harness, radio panel, steel radio brackets, and USB adapter. Maestro RR and iDatalink-compatible aftermarket radio are required and sold separately.

FTR1 Ford Truck Dash Kit

KIT-FTR1

Dash kit and T-harness solution for 2015 and up Ford F150 and Super Duty. Features factory-grade fit & finish and adds a convenient storage pocket with flush-mounted ports to connect to the aftermarket radio. Includes T-harness, radio panel, steel radio brackets, and USB adapter. Maestro RR and iDatalink-compatible aftermarket radio are required and sold separately.

JGC1 Grand Cherokee Kit

KIT-JGC1

Radio replacement dash kit for 2014 and up Jeep Grand Cherokee vehicles. Includes a gold and a silver trim along with provisions for 2 different climate controls and USB hub replacement.

MFT1 MyFordTouch Kit
