

# MRX-5 | ADVANCED SYSTEM CONTROLLER

## Advanced Network System Controller

## OVERVIEW

The MRX-5 is a high-performance network controller. It is an excellent choice for up to 4 rooms in both residential and commercial systems. The MRX-5 combines the best of Total Control Accelerator 3 Expressway with the power of a smart sized processor and works with a family of URC user interfaces.

- Primary processor for IP, IR and RS-232
- Program using Total Control Accelerator 3 Expressway to control compatible, third-party devices
- Stores and executes simple control and automation commands
- Capable of off-site programming and off-site control
- Integrates with Amazon Alexa and Google Assistant for voice control
- Features Total Control front panel with LED lighting
- Easy hideaway with wall mounting

## HIGHLIGHTS

<b>Network</b>	RJ45 10/100 (gigabit) Ethernet port
<b>IR</b>	Four IR outputs (1-3 ports have fixed output level, Port 4 has attenuation dial)
<b>RS-232</b>	One RS-232 port
<b>Indicator LEDs</b>	Power and Ethernet

## SPECIFICATIONS

### SKU

MRX-5, UPC 656787-701519

### System

Total Control® Accelerator 3 Expressway, Professional programming required

### In the Box

MRX-5, 4 IR Emitters, Power Adapter, Mounting Plate, 4 Mounting Screws

### Dimensions

5.12" (130mm) W x 0.98" (25mm) H x 3.98" (101mm) D

### Weight

6 ounces (0.17 kg)
